MERCO

Murcia Al Vino PDO 2kg

Origin:	Region of Murcia, Spain
Classification:	Artisan
Milk:	Goat's Milk
Type:	Hard
Form:	2kg wheel
Item Code:	702020

Made in the hot and arid Murcia region of South Eastern coast of Spain using milk from the Murciano-granadina goat.

This cheese is a modern variant of the traditional semi-cured cheeses of the region. It is matured with a natural rind, which is washed with local red wines high in tannin.

Over a period of three months it develops a distinctive burgundy colour and floral aroma. The interior has a smooth buttery texture, mild, and slightly fruity flavour, with a hint of barrel.
