## QUICKE'S

### Goat's Milk Clothbound Cheese 20kg

Origin: Devon, England  
Classification: Farmhouse  
Milk: Goat's milk  
Type: Hard  
Form: 20kg wheel  
Item Code: 702027

Handcrafted by Quicke's expert cheesemakers and goat's milk from nearby farms, Mary Quicke is the fifth generation to be making cheese on the family farm in Devon.

Using heritage starters and traditional cheddar cheesemaking techniques, the wheels are clothbound and naturally matured, typically for 6 months. It's vibrant, almondy, buttery and a delightfully different goat's milk cheese.
