Selected by Neal's Yard Dairy

Cornish Kern 4kg

Origin: Cornwall, England
Classification: Artisan
Milk: Cow's Milk
Type: Hard
Form: 4kg wheel
Item Code: 704724

'Kern' is the Cornish word for 'round' and suitably describes its shape and flavour of this cheese. Created by Lynher Dairy, this modern British hard cheese is made in West Cornwall to an adapted gouda recipe using milk from nearby farms.

Each wheel has an attractive coat of thin black wax that allows the cheese to be matured for 16 months without losing too much moisture. The result is a dense, fudgy texture and complex flavour profile that is intensely savoury. The lingering caramel sweetness is accentuated by a proper dose of salt.
