## Tarago River Cheese Company

### Gippsland Brie 1.2kg

Origin: Victorian  
Classification: Farmhouse  
Milk: Cow's Milk  
Type: White 1.2kg  
Form: Wheel  
Item Code: 702631

Jersey-Friesian milk, fresh from the farm, is enriched with cream to produce this buttery Australian Brie. Gippsland Brie is made at the Tarago River Cheese Company at their purpose built dairy designed for surface-ripened cheeses.

The fresh curds are gently hooped, then matured at 14°C over the next 4 weeks where a pristine, velvety white rind develops over the cheese. The paste is soft and buttery, becoming creamier with age.
