Dillicious Range

Dillicious hand-craft American style dill pickles that are proudly Aussie made in Melbourne, Victoria. Their team is dedicated to creating dillicious and natural products that are as fun as they are yum! All are made using premium ingredients including Aussie grown cucumbers and cider vinegar made from local Victorian apples.

Straight Up Garlic (traditional) Pickles

Aromatic spices including caraway, coriander and mustard, balanced with pungent garlic, fresh dill and apple cider vinegar makes for a great Aussie take on a traditional New York deli style dill pickle.

Spicy Pickles

A fruity and intense spice from habanero chillies, pairs nicely with the potent flavour of fresh horseradish, both delivering a real punch of heat.

Not So Sweet Pickles

Subtle sweetness from local flora honey and a little bite from jalapeno chillies for a very untraditional not so sweet pickle.
